Anthracyclines are red aromatic polyketides and occur in a variety of forms due to the structural differences in the aglycone base molecule and the different sugar residues attached[2]. These drugs are non-cell-cycle specific. **School of Computer Science General Education Requirements. All undergraduate degrees in the School of Computer Science include depth in their particular field of study but also breadth through the general education requirements. Materials discovery and design using machine learning ...** The screening of novel materials with good performance and the modelling of quantitative structure-activity relationships (QSARs), among other issues, are hot topics in the field of materials science.
