The Materials Project **Department of Materials Science and Engineering** **Materials science and engineering is a discipline that extends from the microscopic structure and properties of materials to the design and evaluation of materials in engineering systems. Fundamentals and advances in magnesium alloy corrosion ...** The key developments in regards to corrosion of Mg alloys are summarized pictorially in Fig. 2. It is noted that a recent surge in activity in the last decade has indicated that there is significant problems that the issues typically associated with Mg alloys are capable of being resolved. **IJERT – International Journal of Engineering Research ...** About this Journal: **International Journal of Engineering Research & Technology** is a peer-reviewed, Open Access journal that publishes original research & review articles in all major branches of engineering. We have adopted a fully open access publishing model which allows open global access to its published content so anyone can download & read articles round the clock totally free of cost.
